3. Social Game Run Limit

a.

Inning	1	2	3	4	5	6	7	Extra
Max Total Runs	5	10	11	12	13	14	15	Unlimited

- b. Teams may score up to 15 runs for 7 innings. Teams may score runs only up to the maximum number shown for each inning. Once a team reaches the maximum number of runs allowed for any given inning, it ends its turn at bat and plays defense. If a team fails to reach the maximum in any given inning, it may score runs in future innings until it reaches the maximum shown for the inning being played. In extra innings, unlimited runs

are allowed until the time limit is declared or a winner is determined. This rule is being used to level the playing field and discourages teams from playing in lower divisions.

4. Rosters

- b. Men's leagues are for men only. Women's leagues are for women only.
- c. Transgender Participation Policy can be [found here](#).

 - i. If a roster is not on file by 10am on the day of your second game for Summer I, or second week for Spring, Summer II, and Fall, (Friday for weekend leagues), the game will be declared a forfeit, opposing team will be notified and the game will not be played.
- e. Roster Change Deadlines. Rosters will be frozen at the roster deadline and only players listed on the frozen roster will be eligible for remaining games, including postseason games. (4 games played is no longer required). The deadlines may be adjusted at the discretion of the Sports Office (i.e. weather related issues).
 - i. Spring Session Deadline: Monday, April 4th at 5pm
 - ii. Summer I Session Deadline:
 - iii. Summer II Session Deadline:

It is the responsibility of the captain to ensure accurate contact information is on file with the Sports Office (address/phone/email). If the captain cannot be reached with the information on file, the Sports Office will not be held accountable.

5. Players

- b. The Team Captain/Coach **must list first and last names of all players on the scorecard** provided to them by the umpire. The name on the lineup must be written legibly and as it appears on the roster.
- c. A player can be a member of only one team in the same league. A player is considered a member of the team for which they first play for in a regulation game. A player's name on several rosters in the same league is not a rules infraction, unless the player actually participates on multiple teams in the same league.
- d. A player may not transfer from one team to another in the same league.
- e. Illegal Players: Please review roster, eligibility and protest procedures.
 - i. A player is considered illegal if:
 - They play a game and are not listed on the current team roster.
 - He/She plays illegally in two (2) separate classifications (i.e. social and comp).
 - He/She plays on two (2) teams in the same league. However, playing on teams in multiple leagues within the same division is permitted (i.e. a player could play in Mixed Social leagues on Mondays, Tuesdays, and Wednesdays).
 - He/She plays in a game causing a team to exceed the number of eligible players in a classification. For example, a men's competitive team is permitted two (2) sanctioned players. If the team plays with three (3) sanctioned players, the third player listed on the roster is considered illegal and that player will be suspended along with the coach.
 - ii. If a player participates in a game illegally and a protest occurs:
 - Sanctioned Players playing illegally will be suspended for a minimum of 2 weeks and will lose postseason eligibility in all divisions.

- The player and Captain may be suspended.
 - The game will be a forfeit.
 - All previous games in which the player participated may also be forfeited.
- iii. If this happens during the postseason, the team is eliminated from all postseason play (playoffs, Champ of Champs, CRPD tournaments).
- f. Short Handed Player: What to do when a team has nine (9) players.
- i. Team must list ten (10) names on scorecard. In the missing players spot on the lineup card, please list "VACANT" so the umpire and opposing team will know where the automatic out is in the lineup.
 - ii. An automatic out is awarded every time missing batter fails to make his/her plate appearance. The tenth player can play without penalty as soon as he/she arrives and is ready to play.
 - iii. When a team has a vacant player spot in the lineup, the opposing team may not with two (2) outs intentionally or unintentionally walk the previous batter in order to get to the "automatic out" created by the vacant spot. In this scenario, the batter would receive the "walk" and the "automatic out" would be skipped.
 - iv. At no time can a team play with less than nine (9) players.
- g. Extra Player(s): Men's and Women's teams can use one or two extra players (2 only for mixed teams). When using an extra player(s), teams must list all eleven or twelve names on the scorecard. Any of the eleven or twelve players can play the ten (10) defensive positions. Moving the extra player(s) from the bench to the field is not considered a substitution.
- i. If a mixed team chooses to play with extra players, they should play with two (2) extra players, one male and one female, for a total of 12 players. It is permissible to use eleven (11) players but teams must take an automatic out for the missing player and list as vacant on the card.
- h. Ejected Player: If a player is ejected from a game due to unsportsmanlike conduct, and such ejection causes a team to drop below the declared number of players stated prior to the first pitch of the game, the game will be immediately forfeited.
- i. Substitutes: A starter and their substitute may re-enter an unlimited number of times for each other. The starter and substitute must occupy the same batting position whenever in the lineup.
- i. Example: Starter reaches first base. Substitute may enter game to run for their starter only.
- j. The starting player and their substitute may not be in the lineup at the same time.
- i. If a player re-enters the game in a position in the batting order other than their original starting or substitute position, this is considered an illegal re-entry.

- b. **Bats: Only Bats with NSA 2012 stamp are legal for CRPD league and tournament play.**

- i.
- ii. If a player steps into the batter's box with an illegal bat, the batter is out, ejected from the game, and not permitted to participate in any games for the remainder of the night.
- c. **Cleats:** No metal cleats permitted. If it is discovered during the game that a player is wearing metal cleats, the umpire will allow the player to change into proper footwear and continue play. A player will be ejected and suspended a minimum of one week for a second offense of wearing metal cleats.
- d. **Uniforms:** Not required
- e. **Double Bases:** The purpose of the double base is to provide a safety margin between the runner and the first baseman. Follow these guidelines:
 - i. On the initial throw from the infield or the outfield, the runner must use the orange portion of the base.
 - ii. The defense can only use the white portion of the base to obtain the initial out.
 - iii. A batted ball hitting the orange base is foul.
 - iv. When no throw is being made to first base, the batter-runner can touch either the white or orange portion of the base with initial contact.
 - v. Once the batter-runner becomes a base runner, the double base becomes one bag, and the runner and fielder may use any part of the white or orange bag.

13. Turf Fields

- a. Berliner Park has diamonds with turf infields. The turf has been a great addition to the park as it allows us to continue play during and after rain as long as there is no lightning or thunder. We ask that you protect and respect these fields.
- b. No batting practice or pitching practice (warming up) is permitted on any part of the field turf, including sidelines.
- c. **The following items are prohibited on Turf Fields at Berliner Park:**

Sunflower Seeds	Sports Drinks	Soda/Pop	Food
Juice	Gum	Golf	Pets
Tobacco Products	Flammable Liquids	Glass	Metal

14. CRPD Bat Testing Policy: This is a four (4) step policy that starts with education and ends with strict penalties for those caught using altered bats.

- a. **Voluntary Testing:** Players have an option to speak with a field supervisor and request to have their bat(s) tested, before or after a player's game. Please keep in mind that the field supervisor may not always be available due to other responsibilities. If a bat fails, the player will be able to keep the bat, but must sign a form stating that they will not use the failed bat in any CRPD leagues or tournaments.
- b. **Random Testing:** CRPD will randomly select bats during league/tournament play.

- i. Any bat brought into the dugout or field of play is subject to random testing.
 - ii. This could happen before, during, or immediately after a game.
 - iii. Testing is done immediately on site.
 - iv. If a bat is found to be illegal, the following actions will take place:
 - A Player (not a coach or spectator) must claim the bat. If no player claims the illegal bat, then the team will automatically forfeit the game. All of the players listed on the scorecard that night will be immediately suspended from league play until someone from that team claims the bat. The player who brought the bat in will have two (2) business days to claim the bat. If no player from the team claims the bat, then all players on that scorecard will be suspended for two (2) years. Every attempt will be made to determine the user and the owner of the illegal bat.
 - If a player claims the bat, then he/she will be given a receipt for the illegal bat. No automatic ejection will take place at this time. The illegal bat will then be removed from play and taken to the Sports Office for further testing. If the player refuses to allow his/her bat to be tested or chooses not to allow CRPD Staff to remove the illegal bat from play, then he/she will be automatically suspended for three (3) years immediately. That player must contact the Sports Office within two (2) business days. If the player fails to do so, then he/she will be suspended for three (3) years. Upon contacting the office, the player will be asked to allow the CRPD Sports Office to send the illegal bat off for further testing (to determine if the bat was altered or if it is illegal by natural use). If the player refuses to allow this, then the bat will be available for the player to pick up, however, the player will automatically be suspended for three (3) years. If the bat is sent off and after being tested by the manufacturer it is found to be altered, then an automatic two (2) to five (5) year suspension is applied to the player.
- c. Selective Testing:** This takes place when a batted ball hits or strikes an infielder, including the pitcher.
- i. All bats will be confiscated by the umpire for testing if an infielder (including pitcher) is hit or struck by a line drive or ground ball for which, in the umpire's judgment, the defender had no time to react. If the defender was not hit but in the umpire's judgment had no time to react the umpire can confiscate the bat for testing.
 - ii. Bat Testing Procedure: If a CRPD Field Rep is available, the bat will be tested on site. If a CRPD Field Rep is not available, the umpire will turn the bat over to the Sports Office for testing the following day.
 - If the bat passes the test, the bat will be made available for the player to pick up and no suspension or penalty will be assessed.
 - If the bat fails the test, the owner of the bat will be asked to allow the CRPD Sports Office to send the illegal bat off for further testing (to determine if the bat was altered or if it is illegal by natural use). If the player refuses to allow this, then the bat will be available for the player to pick up, however, the player will automatically be suspended for three (3) years. If the bat is sent off and after being tested by the manufacturer it is found to be altered, then an automatic two (2) to five (5) year suspension is applied to the player.
 - If no player claims the illegal bat, the team will automatically forfeit the game. All of the players listed on the scorecard that night will be immediately suspended from league play until someone from that team claims the bat.
 - The player who brought the bat in will have two (2) business days to claim the bat. If no player from the team claims the bat, then all players on that scorecard will be suspended for two (2) years. Every attempt will be made to determine the owner of the illegal bat.
 - If the bat is tested at the Sports Office and not on site, the owner of the bat must contact the Sports Office within two (2) business days. Failure to do so will result in an automatic suspension of three (3) years).
- d. Challenge/Protest Testing:** This is when a player or team wants to protest a bat used by the opposing team.
- i. Challenge can only be done when a CRPD Field Rep or Sports Office Representative is on site.
 - ii. Challenge must be done immediately and before the next pitch.

- iii. Umpire will confiscate the bat and identify the player using the bat.
- iv. Fifty Dollars (\$50) cash must be given at the time of the protest. All other bat testing procedures will apply and all other protest rules will apply.
- v. Bat will be tested on site. Remember, this can only be done if CRPD Field Rep or Sports Office Representative is on site.

15. Misconduct

a. Intoxicants/Illegal Substances

- i. The Columbus City Ordinance prohibits alcohol in city parks. There is to be no alcohol or illegal substances used during any league or tournament contest or on any undesignated Social area before, during, or after any games, unless with approved permit.
- ii. Any individual found in violation of this rule will be ejected from the game and must leave the premises. Failure to do so will result in forfeiture of the game and may result in an individual or team suspension from future league participation.

b. Zero Tolerance Policy

- i. Zero Tolerance Policy: Unsportsmanlike or abusive behavior by spectators, players or teams will not be tolerated. Individual and team penalties will be given by administrators of the program and will be based on the severity of the actions (see below). The team captain is responsible for the actions of all of his/her players and spectators. Their actions will directly affect the eligibility status of the team. Penalties for individuals and teams are not progressive. They include probation, suspension or total elimination from participation.
- ii. Any violation of the Zero Tolerance Policy will warrant a minimum one (1) week suspension from all CRPD leagues or tournaments, including participation as a spectator, for any sporting events held at Columbus Recreation and Parks facilities. **This includes, but is not limited to, non-CRPD organization events such as leagues or tournaments.** The player will then be placed on probation for one (1) calendar year. The Sports Office will make a determination if a longer penalty is warranted as to the severity of the situation or the status of participation in multiple sports or leagues.
- iii. An individual that has accumulated multiple suspensions may have their suspension increased in severity/length of duration.
- iv. The jurisdiction of game officials does not end until they have vacated the game site and surrounding areas. An individual does not have the right to abuse a game official because the official contest has concluded. Ejections or other game penalties may still be given at or beyond the conclusion of the contest and shall be considered in all aspects of a participant's conduct.
- v. The suspension period does not include postponed games.
- vi. Anyone ejected for unsportsmanlike behavior must leave the facility immediately. Failure to do so could result in the game being forfeited.
- vii. After an incident is reported, the Sports Office will review the situation, collect all necessary information and make a decision on any disciplinary action. It is the right of any suspended person to appeal the decision.

c. Ejection Policy & Disciplinary Action

- i. A Participant or spectator in a City of Columbus Recreation and Parks program that violates the Zero Tolerance Policy and is ejected or suspended from any facility, program, contest, or activity for the following acts of unsportsmanlike or misconduct, shall be subjected to the following disciplinary procedures:
 - Hitting, striking, pushing or any contact of a City of Columbus Recreation and Parks employee, official/umpire, participant or spectator. Disciplinary Action: Suspension from City of Columbus Recreation and Parks facilities and/or programs for a minimum of one year.
 - Threatening physical harm or the use of any intimidation towards a City of Columbus Recreation and Parks employee, official/umpire, participant, or spectator. Disciplinary Action: Suspension from City of Columbus Recreation and Parks facilities and/or programs for a minimum of one month.

- Verbally abusing a City of Columbus Recreation and Parks employee, official/umpire, participant, or spectator. Disciplinary Action: Suspension from City of Columbus Recreation and Parks programs and/or facilities for a minimum of one week.
- Acting in a way which would cause equipment or facility damage, and/or injury to a person. Disciplinary Action: Suspension from City of Columbus Recreation and Parks programs and/or facilities for a minimum of one month.
- Failing to cooperate and respond honestly to inquiries or requests for assistance in identifying individuals who may be involved in incidents. Disciplinary Action: Suspension from City of Columbus Recreation and Parks programs and/or facilities for the individual and/or their team, club, or organization for a minimum of one month.
- Participating under an assumed name, providing false information, or illegally participating in a division of play. Disciplinary Action: Suspension City of Columbus Recreation and Parks programs and/or facilities for a minimum of one week.
- Personal conduct situations that are not covered by the provisions stated in the above items #1-6 will be dealt with in an appropriate manner by the Recreation Administrative Manager and/or Coordinator at their discretion.

d. Request For Reinstatement

- i. CRPD supervisory staff shall review the incident and such actions will determine if the participant suspended must apply for reinstatement before returning to CRPD sporting events. The suspended individual is required to wait until the suspension period has elapsed before a request for reinstatement will be accepted.
- e. In the event a penalty is applied at the end of a current season, regardless of sport, the penalty may be carried over to any year, season, sport or tournament.
- f. Any portion of a game, or games, missed due to an ejection shall not count toward a player suspension. If a player is ejected during any game, the player is no longer eligible to participate in any game that day/night (such as, but not limited to: double headers, league playoffs). A player ejection that occurs during a CRPD tournament shall be at the discretion of the tournament director.
